

## **Autech Control Group exhibits at WIOA Bendigo - 5&6 September 2018**

Autech Control Group exhibited a range of water and waste water related instruments and controls at the Water Industry Operators Association Conference and Exhibition in Bendigo, Victoria.

Visitor attendance was excellent with strong interest shown in the products on display which included;

Flowmeters for waste water applications using the patented Cross Correlation Technology from Nivus (Germany)

Power from Flow Solutions from Sea-Lix (Norway)

Clamp on Ultrasonic Flow sensors from Flotec (UK)

Power monitoring with Rogowski coils, Accuenergy (Canada)
